

2009 CAP SOMALIA - CLUSTER PLANS & PROJECT SHEETS

Cluster Plans - Food Aid

| Objective | Major Activities | Indicators | End-May Targets | Year-end Targets |
|---|--|--|---|---|
| Food Aid | | | | |
| OBJECTIVE SOM_FA_1 | | | | |
| Stabilisation of Global Acute Malnutrition (GAM) rates among children under 5 | <p>(1) Support existing and develop new SFP/TFP centres to rehabilitate moderately and severely malnourished children</p> <p>(2) Support nutrition surveillance systems and be an active partner in coordination among clusters and programmes addressing the underlying causes of malnutrition</p> <p>(3) Provide assets and support to partners to build capacities for managing acute malnutrition</p> | <ul style="list-style-type: none"> • No increase in GAM malnutrition rates, now generally at 18% in South/Central Somalia • Numbers of newly opened SFPs • Total number of under 5s are receiving assistance through a SFC/TFC. | <ul style="list-style-type: none"> • Five local nutrition surveys completed in South/Central Somalia • 25 new SFP centres • SFP centres supporting 36,000 malnourished children (60%) and 300,000 other total family members though 15 national partners | <ul style="list-style-type: none"> • No increase in average GAM rate for Somalia • Same 25 centres are functioning • SFP centres supporting 36,000 malnourished children (60%) and 300,000 other total family members though 15 national partners |
| OBJECTIVE SOM_FA_2 | | | | |
| Provide a life-saving family ration to those identified as Humanitarian Emergency and Acute Food and Livelihood Crisis | <p>(1) Large-scale, well targeted General Food Distribution (GFD)</p> <p>(2) At GFD distribution points there will be special attention by distribution staff to those identified at MCH with TB, HIV/AIDS if not fed through a separate local centre</p> <p>(3) Detailed planning for safe distributions</p> <p>(4) Contingency plans in place where situation doesn't allow 'normal' operations</p> | <ul style="list-style-type: none"> • Number of persons assisted with a full ration • If no local specialized centre, families identified as special needs will receive a family ration • WFP and CARE staff receive safe distribution training • Number of rapid onset emergencies per month | <ul style="list-style-type: none"> • 3.2 million • All GFD distributions • 50% • 2 | <ul style="list-style-type: none"> • 3.2 million • All GFD distributions • 100% • 3 |
| OBJECTIVE SOM_FA_3 | | | | |
| Increase the efficacy, relevance and value of food aid (It is noted that food aid will be less efficient if not well coordinated with other clusters) | <p>(1) Capacity building to partners, authorities and communities to improve the delivery of aid</p> <p>(2) Increase the Inter cluster cooperation primarily nutrition, health, WASH through planned joint meetings and joint task oriented working groups</p> <p>(3) Organisations will adjust strategies to allow for a response to changing demands to ensure timely lifesaving assistance is provided to those most in need</p> <p>(4) Increase sensitisation and communication with village leaders, elders and communities relating to village beneficiary list to promote accountability and transparency</p> | <ul style="list-style-type: none"> • Number of partners attending structured training in food aid • Numbers of food cluster members attending other cluster meetings • Creation of a rapid response capacity, reserve stocks, emergency response methodologies. | <ul style="list-style-type: none"> • 50% of active CPs attending training • 1 member of food aid to attend 3 other clusters. • 25% of a one month stock in country | <ul style="list-style-type: none"> • 100% of Active CPs attending training • Same as May • 50% of a one month stock in country. |

Supporting Projects - Food Aid

| Project Code | Project Title | Objective | Main Activities | Key Outcome | Beneficiaries | Implementing Partners | Financial Requirements |
|---|---|---|---|--|---|---|------------------------|
| Food Aid | | | | | | | \$544,263,112 |
| CARE | | | | | | | |
| Care SOM-09/FA(1593) [Gnd][CB] SOM_FA_1 SOM_FA_2 SOM_FA_3 Supports UNTP: No | CARE Rural Food Security Programme | 1. Lives protected and there is a maintained consumption level for 152,196 vulnerable households in acute emergency through distribution of 213,453MT of food 2. Improve the capacity of Local partners and structures to address and respond to emerging humanitarian situations | 1. Beneficiary identification 2. Beneficiary registration 3. Food distribution 4. Monitoring for impact 5. Training workshops | 1. 152,196 beneficiary households receive food 2. Beneficiaries have three meals per day 3. Stability of malnutrition rate 4. Distribution of 213,453 MT of mixed commodities | 152,196 Adult women, from the vulnerable poor population, urban poor and IDPs. They will receive a family ration on behalf of their families - total expected beneficiaries are 913,176 people. | 1. LNGOs | \$145,219,910 |
| DRC | | | | | | | |
| Danish Refugee Council SOM-09/FA(1594) [Gnd][CB] SOM_FA_1 SOM_FA_2 Supports UNTP: No | Contributing towards preventing excess mortality through provision of blanket wet feeding in Mogadishu, Somalia | 1. Reduce excess mortality in Mogadishu due to malnutrition through wet feeding, improved childcare & hygiene practices, and identification/referral of severely malnourished children to a TFC 2. Contribute towards an improved humanitarian response by better identifying needs/capacities of Mogadishu's population | 1. Blanket wet feeding 2. Promotion of key health, hygiene and childcare practices 3. Identification and referral of severely malnourished under-5 children 4. Carryout surveys, focus group, and key informant interviews/discussions at feeding sites 5. Advocate for improved delivery of dry-ration food aid to urban populations 6. Increase access and response capacity by improving of DRCs security preparedness and response | 1. Household access to food increases 2. The hygiene and childcare practice of households increases 3. Severely malnourished children have increased access to TFCs 4. Reporting on demographics, needs, resources etc. of Mogadishu's population 5. Improved local economy through large-scale purchase of food items | 80,000 people in need of food aid; targeting is based on self selection. Current disaggregation of beneficiaries indicate a 85%/15% female/male ratio of beneficiaries | 1. DRC and SAACID | \$6,420,000 |
| WFP | | | | | | | |
| World Food Programme SOM-09/FA(1591) [HIV][Gnd][CB] SOM_FA_1 SOM_FA_2 SOM_FA_3 Supports UNTP: Yes - objective 4 and | Emergency Feeding Operation | 1. Support to stabilise global acute malnutrition rates among children under 5 through a family ration for those identified as moderately malnourished 2. Provide a lifesaving family ration to those identified as HE and AFLC, through targeted large scale food distribution 3. Increase the efficacy, relevance and value of food aid | 1. Creation of rapid response capacity, reserve stocks and emergency response methodologies 2. Provision of life saving rations to targeted populations 3. Provision of school meals in target schools 4. Build capacity of partners, authorities and communities to improve the delivery of aid 5. Provision of food in support of livelihood through food for work and food for training | 1. Support to stabilise acute malnutrition among children under 5 through a family ration in conjunction with nutrition cluster nutritional projects 2. Increased ability of target population to manage shocks and meet necessary food needs 3. Improved nutrition and health status of target beneficiaries through family rations, feeding PLW HIV/AIDS, TB 4. Support access to education and reduce gender disparity in access to education 5. Improved family self reliance and income through collaboration with the livelihoods cluster in creating assets | 2.4 million | 1. A minimum of 204 partners including UN agencies, international and National NGOs, Community Based Organizations and local government. A vast majority of these partners are small organisations based in one or two districts and accounts for a majority of the food distributed. | \$392,623,202 |
