

2009 CAP SOMALIA - CLUSTER PLANS & PROJECT SHEETS

Cluster Plans - NFIs and Emergency Shelter

Objective	Major Activities	Indicators	End-May Targets	Year-end Targets
NFIs and Emergency Shelter				
OBJECTIVE SOM_NS_1				
Provide emergency shelter assistance to the newly displaced and other vulnerable groups	<p>(1) Participatory assessments and disaggregated data consolidation on number of displaced and other target groups</p> <p>(2) In consultation with the Logistics Cluster, strengthen the logistics capacity to transport and store NFIs and emergency shelter kits in strategic locations inside Somalia</p> <p>(3) Distribution of harmonised and integrated minimum NFI package and shelter materials in coordination with the food distribution activities and in partnership with other clusters</p> <p>(4) Advocacy campaign and negotiations on safe and secure access to land and property rights for the displaced</p> <p>(5) Community mobilisation, training, and capacity building for both displaced communities and local partners (shelter, settlement planning, basic hygiene and health, rights and duties, protection)</p>	<ul style="list-style-type: none"> • Number of NFIs and shelter items distributed (data disaggregated by gender) • Number of NFIs and shelter items retained 	<ul style="list-style-type: none"> • 50% of the newly displaced received harmonised NFI kits and shelter materials • Note: This figure might be adjusted according to the actual displacement trends 	<ul style="list-style-type: none"> • 100% of the newly displaced received NFIs • Note: This figure might be adjusted according to the actual displacement trends
OBJECTIVE SOM_NS_2				
Improve living conditions for the protracted displaced in their current locations	<p>(1) Participatory assessment and disaggregated data consolidation on number of protracted displaced and settlements location</p> <p>(2) Distribution of improved temporary and transitional shelter kits</p> <p>(3) Coordination and collaboration with other agencies and clusters to provide improved access to clean water and basic services</p> <p>(4) Advocacy campaign and negotiations on safe and secure access to land and property rights for the displaced</p> <p>(5) Community mobilisation, training, and capacity building for displaced communities and local partners (shelter, settlement planning, basic hygiene and health, rights and duties, protection, etc.)</p>	<ul style="list-style-type: none"> • Number of temporary and transitional shelters provided • Number of households with security of tenure • Number of IDPs involved in project implementation and management • The quality of living conditions is measured against SPHERE standards. 	<ul style="list-style-type: none"> • Acceptable temporary shelter solutions provided to 25% of the protracted displaced • Acceptable temporary shelter solutions provided to 25% of the protracted displaced. • Acceptable temporary shelter solutions provided to 25% of the protracted displaced. • Acceptable temporary shelter solutions provided to 25% of the protracted displaced. 	<ul style="list-style-type: none"> • Acceptable temporary shelter solutions provided to 50% of the protracted displaced • Acceptable temporary shelter solutions provided to 50% of the protracted displaced. • Acceptable temporary shelter solutions provided to 50% of the protracted displaced. • Acceptable temporary shelter solutions provided to 50% of the protracted displaced.

Cluster Plans - NFIs and Emergency Shelter

Objective	Major Activities	Indicators	End-May Targets	Year-end Targets
OBJECTIVE SOM_NS_3				
Provide durable solutions for the early recovery of the displaced in identified suitable locations	<p>(1) Conduct land and land rights negotiations to achieve provision of security of tenure for displaced and vulnerable groups</p> <p>(2) Provision of durable shelter solutions</p> <p>(3) Coordination and collaboration with other agencies and clusters to provide improved access to clean water and basic services</p> <p>(4) Promotion of livelihood activities</p> <p>(5) Community mobilisation, training, and capacity building for displaced communities and local partners (shelter, settlement planning, basic hygiene and health, rights and duties, protection, etc.)</p>	<ul style="list-style-type: none"> • Number of households receiving security of tenure • Number of households receiving durable shelter • Percentage of vulnerable households (female headed households, HIV patients, etc.) receiving durable shelter • Quality of living conditions measured against SPHERE standards 	<ul style="list-style-type: none"> • Suitable land identified, beneficiaries identified, and community mobilised • Suitable land identified, beneficiaries identified, and community mobilised • Suitable land identified, beneficiaries identified, and community mobilised • Suitable land identified, beneficiaries identified, and community mobilised 	<ul style="list-style-type: none"> • Suitable living space and durable shelter solutions provided to 2250 families • Suitable living space and durable shelter solutions provided to 2250 families • Suitable living space and durable shelter solutions provided to 2250 families • Suitable living space and durable shelter solutions provided to 2250 families

NFIs and Emergency Shelter							\$45,070,082
UNHABITAT							
<p>United Nations Human Settlement Programme SOM-09/NS(1493) [HIV][Gnd][CB] SOM_NS_3</p> <p>Supports UNTP: Yes - objective 5.1</p>	Durable shelter solutions for the early recovery of the displaced	1. Provide protection from further displacement, eviction, physical attacks, SBGV, and extreme weather conditions. 2. Provide adequate shelter, water and sanitation facilities, and other basic community services. 3. Provide livelihood opportunities through spatial, social and economic integration, building capacity in basic construction skills, and provision of a living space that can accommodate small scale economic activities, provision of adequate and agreed-upon tenure arrangements that subtract the displaced from the payment of disproportionate rents to landlords and evictions.	1. Identification of locations and communities suitable for durable shelter interventions. 2. Negotiation with authorities, landlords, host and displaced communities for obtaining suitable land for resettlement and adequate tenure options for the displaced. 3. Identification of suitable beneficiaries. 4. Provision of improved shelter and better access to water, sanitation, and basic community services in coordination and collaboration with other clusters. 5. Provision of capacity building and training for the beneficiaries. 6. Identification of possibilities for the enhancement of livelihood opportunities for the displaced and the host community. 7. Monitoring and evaluation.	1. Risk of eviction and further displacement eliminated or substantially reduced 2. Exposure to extreme weather, physical attacks, and SGBV substantially reduced 3. Illnesses and mortality due to the effects of exposure to poor households hygiene conditions and lack of basic services and clean water eliminated or substantially reduced 4. Poverty alleviated through: elimination of rent payment, provision of equitable access to water, provision of a space that allows small scale economic activities, provision of on-the-job training and capacity building in construction skills 5. Health and education improved through increased access to basic services	2,250 displaced and vulnerable households in different locations (approximately 15,000 displaced people, of whom 6,000 are women and 7,500 are children).	1. Livelihood: ILO and FAO 2. Water and sanitation: UNICEF and Danish Refugee Council 3. Basic services: UNICEF, Norwegian Refugee Council 4. Protection: UNHCR	\$8,330,000

<p>United Nations Human Settlement Programme SOM-09/NS(1494) [Gnd][CB] SOM_NS_1 SOM_NS_2 SOM_NS_3</p> <p>Supports UNTP: Yes - objective 1.1</p>	<p>Access to land, housing, and property rights for displaced populations and marginalised communities</p>	<p>1. Increase the awareness of the local and central authorities and community leaders of their responsibility to provide security of tenure and protection from eviction for displaced population and vulnerable communities 2. Increase the awareness of the displaced communities, host communities, landlords, and general public on housing, land and property rights 3. Enhance the capacity of the local and central authorities to provide security of tenure, protection from eviction, and basic housing, land, and property rights for displaced population and vulnerable communities (with particular attention to women) 4. Support shelter interventions in specific locations by developing appropriate secure tenure tools, enhancing existing legal frameworks, and encouraging existing best practices</p>	<p>1. Strengthen the knowledge of the humanitarian community and key local partners on relevant aspects of customary, religious, and secular property laws that inform existing tenure and property rights for displaced and vulnerable communities, and marginalised individuals (with particular attention to women, widows, and orphans) through desk-study research, consultations, and focus group discussions (for Somaliland, Puntland, and South Central Somalia) 2. Workshops and seminars for central and local authorities to disseminate information about HLP rights, roles and responsibilities, and to help them formulating appropriate policies on displaced communities access to land and property rights (Somaliland and Puntland). 3. Direct support to central and local authorities to formulate strategies and implement the adopted policies (Somaliland and Puntland). 4. Sensitisation and advocacy campaigns on land and property rights of displaced communities through media (TV, radio, web, newspapers), workshops, and public discussions (Somaliland, Puntland, and South Central Somalia) 5. Direct support to shelter interventions in specific locations for the preparation of tenure agreements between authorities, landlords, and vulnerable and displaced communities (in specific locations of Somaliland, Puntland, and South Central Somalia)</p>	<p>1. New displacement caused by forced evictions substantially reduced 2. Knowledge and enforcement of land, housing, and property rights for displaced populations, vulnerable groups, and marginalised individuals increased 3. Emergency, transitional and durable shelter assistance rendered more effective 4. Household investments in shelter, water, and sanitation encouraged which will result in increased resilience and coping capacity of the displaced and vulnerable communities 5. Awareness about human rights and human rights violations increased</p>	<p>Various institutions including Somali local and central authorities, displaced and vulnerable communities (and marginalised individuals) which are difficult to quantify</p>	<p>1. UNHCR, UNICEF, NRC, RI, NCA, ADEO, DRC							
UNHCR, UNICEF, NRC, RI, NCA, ADEO, DRC SOM-09/NS(1491) [HIV][Gnd][CB] SOM_NS_1 Supports UNTP: No	Improving living conditions for temporary displaced populations through emergency preparedness and response	1. Provide improved temporary shelters and settlement solutions for the displaced in acute and protracted emergency situations 2. Promote and foster durable solutions for the IDPs living in the settlements 3. Maintain a contingency stock for rapid emergency response	1. Working closely with logistic cluster, UNHCR Regional Hub, WFP and UNICEF for clearance and transportation of relief items to Somalia 2. Ensure timely response through contingency planning and stock piling of the non food items 3. Identification and signing of sub-agreements with implementing partners for transportation and distribution of NFI kits 4. Use participatory approach to prioritise problems in IDP settlements and identify the best possible solution for them 5. Distribution of harmonised and integrated minimum approved NFI package and shelter material	1. IDP population in need of emergency shelters assisted thus ensuring better living conditions for them 2. GAPS and/or duplication of assistance provision avoided and impact of distributions regularly monitored 3. Capacity of local authorities in planning, basic management and being part of coordinated emergency response strengthened 4. Transportation of NFIs to Somalia and inside Somalia improved in order to respond to emerging IDP needs 5. Adequate mechanism for follow up of the vulnerable groups in the settlements established including provision of NFIs	870,000 displaced and vulnerable persons.	1. International NGOs and Local NGOs working in the shelter sector including the Somali Red Crescent	\$12,524,962
