

## Agenda Item 10 Trust Fund for Environmental Emergencies

8th meeting  
of the Advisory Group on  
Environmental Emergencies

6 - 8 May 2009  
Brussels, Belgium

## Background on the Trust Fund

- UNEP Governing Council decision 19/9
- **Purpose**  
to receive and account for contributions from various sources and to finance or co-finance activities and projects in the field of Environmental Emergencies

## Complementary funding mechanism

---

- In-kind support through network of supporting countries and organizations that supply expertise and equipment.

## The Rosersberg Initiative – expanding response work

---

- From sole response work to global governance initiatives;
- Expanding scope and focus implies an increase in workload;
- Meeting the need for continuously improving vital response services.

## Next Steps

### Development of specific project proposals

- Project proposal 1 – Development of electronic awareness training on environmental emergencies
- Project proposal 2 – Awareness and capacity building workshops for aid-recipient countries
- Project proposal 3 – Monitoring review of the overall environmental emergency coordination system

THANK YOU!
