Sanitation

<i>Status</i>	<i>Organisation</i>	<i>Partner</i>	<i>Location</i>	<i>Activity</i>	<i>Constraints</i>	<i>Beneficiaries</i>	<i>Beneficiary Type</i>	<i>Timeframe</i>
Complete	OXFAM GB	HIJRA	Ceelasha	3,000 latrines constructed 2008/2009. 300 latrines rehabilitated 2009		130,000	Individual	
Complete	Oxfam NOVIB		Ceelasha	80 Toilets constructed		1,500	Individual	

Complete	INTERSOS	Burdo	Xawa Cabdi	48 latrines constructed				
Ongoing	UNICEF	Jumbo	Kax Shiiqaal	150 latrines for 7,500 persons.	Shortfall of 42 latrines for 2,100 persons	7,500	Individual	
Ongoing	HRF	INTERSO	Xawa Cabdi	Construction of 742 emergency latrines	Ratio will be 1:73 when 742 latrines completed; remaining gap of 461 latrines	37,100		3 months
Ongoing	INTERSOS	Burdo	Xawa Cabdi	Distribution of 2,200 hygiene kits		13,200	individuals	Completed by end July
Planned	OXFAM GB	HIJRA	Ceelasha	120 latrines in Suffi Camp. 300 latrines in Hobishoole Ceelasha.	Latrine Ratio in Ceelasha when 420 latrines completed will be 1:65 IDPs, leaving a shortfall of 1,080 latrines	21,000	Individual	In proposal stage
Planned	SDRO	SDRO	Faculty of Agriculture	Construction of 600 emergency latrines	Ration will be 1:131 when 600 Latinres completed; remaining gap of 1,561 latrines for a 1:50 ratio; this calculation does not include new arrivals	20,000	Individual	In proposal stage
Planned	UNICEF	GSA	K10-15	Construction of 556 Latrines	Ratio 1:56 IDPs when latrines completed; Shortfall of 149 latrines to get a 1:50 ratio. Calculations include GSA reported 18,936 new arrivals	27,800	Individuals	Submitted to HRF
Planned	HRF	SDRO	Lafoole	Construction of 600 emergency latrines	Ratio will be 1:110 when 600 Latinres completed; remaining gap of 1,279 latrines	37,100	Individual	In proposal stage
Planned	INTERSOS		Lafoole	Construction of 200 emergency latrines	ratio will be 1:84 IDPs when this and SDRO latrines completed; Gap is 730 latrines; this calculation does not include new arrivals	10,000	Individual	
Stockpile	UNICEF		K50	700 emergency slabs in stock K50		35,000		

<i>Status</i>	<i>Organisation</i>	<i>Partner</i>	<i>Location</i>	<i>Activity</i>	<i>Constraints</i>	<i>Beneficiaries</i>	<i>Beneficiary Type</i>	<i>Timeframe</i>
Complete	OXFAM GB	HIJRA	Ceelasha	Piped water currently being provided to 130,000 people in 36 IDP camps plus an additional 23,223 new IDPs of which 12,000 are in Suufi area. Current system is providing 10 l/p/d for 153,233 persons - provided by two boreholes pumping for 10 hr/day each			individual	

Complete	INTERSOS	BURDO	Lafoole	Piped water being provided to 12,000 IDP plus an additional 8,000 new IDPs @ 5.35 l/p/d	Water quantity is below 8 litres currently being provided, but INTERSOS is not confident about the increased population being reported and believes the population to significantly less	20,000	Individual
Complete	Oxfam NOVIB	SAACID	Lafoole	Borehole water being provided to 33,000 people @ 10l/p/d		33,000	Individual
Complete	INTERSOS	BURDO	Xawa Cabdi	Piped system providing 5.3l/p/d for 48,000 persons	Water quantity is below 8 litres currently being provided, but INTERSOS is not confident about the increased population being reported and believes the population to significantly less.	48,000	individual
Ongoing	Oxfam NOVIB	CED	Ceelasha	Piped water provided to 50,622 people in 29 camps. Estimated 6,160 new IDPs arrived. Providing 11.6 l/p/d		56,782	Individual
Ongoing	UNICEF	SOPHPA	Ceelasha	8 shallow wells being chlorinated sufficient for 4,800 persons		4,800	individual
Ongoing	Oxfam NOVIB	CED	Faculty of Agriculture	Piped water system serving 11,010 individuals in 6 camps @13 l/pd.Additional 3,732 new IDPs	Water is actually purchased from NCA borehole. Seems to be overlap between NCA area and Oxfam NOVIB	14,742	Individuals
Ongoing	UNICEF	SDRO	Faculty of Agriculture	Piped water being provided to 41,500 people plus 7000 new IDPs		48,500	individual
Ongoing	UNICEF	NCA	Faculty of Agriculture	Piped water being provided to 65,394 people from 2 boreholes providing 8 l/p/d.	NCA is supplying water (56,000 litres) to SDRO for water trucking and 143,000 litres to Oxfam Novib. In total 199,00 litres is being used by Oxfam Novib and SDRO	65,394	Individual
Ongoing	UNICEF	SOPHPA	K10-15	5 shallow wells sufficient for 3,000 persons		3,000	individual
Ongoing	UNICEF	GSA	K10-15	Piped water currently being provided to 11,538 people, based on 3 hours of pumping per day.	There is a shortfall for 54,462 persons. If population is also accessing water supplied by GSA then average consumption for total population is 2.2 l/p/d.	11,538	Individual
Ongoing	HRF	SDRO	Kax Shiiqaal	239,200 liters trucked water 29,900 people at 8l/p/d	Increase of 4 trucks doing 2 trips per day 112000 extra liters per day for 14,000 people at 8 l/p/d	29,900	Individual

Ongoing	UNICEF	JUMBO	Kax Shiiqaal	Piped water to 22,000 persons, 7 of 10 water points completed from 2 BH rehabilitations.	No info on yield of boreholes. Appears to be sufficient water for number of IDPs	22,000	Individuals	Mid July
Ongoing	Oxfam NOVIB	SAACID	Lafoole	Piped water system for 69,000 people under construction.	Unclear where this pipe system is, as Lafoole area is said to be covered. No pipe system is available.	69,000	Individual	End-August
Ongoing	Oxfam NOVIB	CED	Lafoole	Piped water system serving 9306 individuals in 5 camps @ 13l/p/d	No details of pipe system provided	9,306	Individuals	
Ongoing	UNICEF	SOPHPA	Lafoole	2 wells being chlorinated for 1,200 persons		1,200	individual	
Ongoing	UNICEF	SDRO	Lafoole	Piped water being provided to 40,000 people plus an additional 12,000 new IDPs @ 8l/p/d		52,000	Individual	
Ongoing	HRF	SDRO	Xawa Cabdi	Water trucking reduced to 104,000 litres per day for 13,000 new IDPs now that INTERSOS pipe system operational.		13,000	Individual	
Ongoing	Oxfam NOVIB	CED	Xawa Cabdi	Piped water provided to 12,042 people in 7 camps @13 l/p/d		12,042	Individual	
Ongoing	UNICEF	SOPHPA	Xawa Cabdi	1 shallow wells being chlorinated sufficient for 600 persons		600	individual	
Planned	Islamic Relief		Afgooye Corridor - General	Water trucking for 37,250 persons at 8 l/p/d for 144 days. Exact location to be identified		37,250	Individual	
Planned	OXFAM GB	HIJRA	Ceelasha	Plan to distribute 3,500 more NFI kits		21,000	individual	
Planned	OXFAM GB	HIJRA	Ceelasha	Oxfam plans to extend their piped water system through the construction of 1 storage tank of 70,000 litres at Hobishoole in North Ceelash, with 13 tapstands of 6 taps each.	Funding not secured		individual	In proposal stage
Planned	Islamic Relief		K10-15	Can provide water trucking for 37,250 persons @8 l/p/d	Will cover shortfalls in all locations	37,500	individual	5 months
Planned	UNICEF	GSA	K10-15	GSA to increase pump operation of piped system from 3 to 18 hours per day		54,462	Individual	Proposal to be submitted

Planned	OXFAM GB	HIJRA	Xawa Cabdi	Oxfam plans to extend their piped system to the eastern part of Xawa Gabdi for IDPs not covered under the INTERSOS piped network	Funding not secured	13,000	individual
Stockpile	OXFAM GB	HIJRA	Ceelasha	Oxfam has water system equipment that it could lend/donate to another organisation; these materials could build 3 new water supply platforms within one month (70,000 litres per platform)			

Banadir

Emergency Shelter and NFIs

<i>Status</i>	<i>Organisation</i>	<i>Partner</i>	<i>Location</i>	<i>Activity</i>	<i>Constraints</i>	<i>Beneficiaries</i>	<i>Beneficiary Type</i>	<i>Timeframe</i>
Complete	UNICEF	DRC	Dayniile	Distribute some portion of 6,282 NFI kits; these kits are from the UNICEF stockpiles described in this matrix	UNICEF kit = 2 plastic sheets; 2 jerry cans (10lt); 1 set of kitchen utensils; 2 blankets; and soap.
